Laura Kamphaus

Wow, how 5 years on the ASHRAE board flies by! It seems like yesterday that I was the new board member. I would like to THANK – Pete Skelly for his hard work as last year’s ASHRAE President! Under his leadership, the Cincinnati ASHRAE Chapter has received several awards and recognition. In August at the CRC in Indianapolis – our chapter received the Presidential Award of Excellence and Silver Ribbon for ASHRAE Research. And with assistance from our chapter, the University of Cincinnati Mechanical Engineering students received National and International ASHRAE Recognition. The University of Cincinnati Student Design Team, led by Professor Raj Manglik, received International Recognition and Rising Star Award for the 2011 ASHRAE Student Design Competition in the Integrated Sustainable Building Design Category!!! Also, Tom Yu was awarded a \$3,000 ASHRAE Scholarship for his academic performance, professional development and commitment to HVAC industry. We have a lot to be proud of in our Chapter and it is a lot of work, so I appreciate Board and Member involvement throughout the 2011-2012 year. If you are not on the board or part of a committee, I would encourage you to get involved in the chapter. We will find a role for you in an area that you are interested in (Membership, Research, Student Activities, History, CTTC, board position, Golf Outing Committee...)! Please welcome Dan Daly as our new Board Member!

**October 11<sup>th</sup> Meeting Announcement – “Contractor Round Table”**

We will be having our first Chapter meeting in a little less than a month on Tuesday Oct. 11<sup>th</sup> at the Crowne Plaza in Blue Ash. I am excited about the program “Contractor Round Table”, this program will give us some insight into the construction market conditions, industry trends and challenges in the HVAC Contracting Industry. It will be a panel format with some questions submitted prior to the meeting and questions from the audience. If you have any questions or topics that you would like to see discussed, please forward them to Laura and myself. Currently, we have three Cincinnati based Mechanical Contractors on the panel (Peck, Hannaford + Briggs, TJ Dyer and Triton Services).

**New for 2011-2012 Cincinnati ASHRAE**

- *Apple IPAD or \$500 CASH Giveaway* – We will give each monthly meeting attendee a raffle ticket and at the end of the year we will pull a ticket to award the winner. We hope that it helps to increase attendance at our monthly meetings. If you bring a non-member guest you will get an additional raffle ticket.
- *Cincinnati ASHRAE Golf League* – After our monthly meetings you are cordially invited to join other members for 9 holes at Blue Ash Golf Course (weather permitting). It is an excuse to play every month and reduce your handicap! Please RSVP to me if you plan to attend, so I can give the course a tentative headcount before we arrive at the course. There is no commitment to attend every month, just let me know if you want to play and we will get you paired up with a group. Regular green fees apply, so if you want to play 18 holes you are welcome to do that as well. We will tee off around 1:30.

Best Regards,

Mike Mattox

## Region V CRC

Submitted by Joe Nader Cincinnati Chapter Historian

Every year in the month of August Region V holds its Chapter Regional Conference (CRC). The CRC is hosted each year by one of the region's chapters. The event was held August 11<sup>th</sup>, 12<sup>th</sup>, and 13<sup>th</sup> in Indianapolis, Indiana and was hosted by the Indiana Chapter.

A.J. Wilkerson was the CRC general chairman and he and his committee members did a great job from start to finish.

The conference started with golf on Thursday afternoon August 12<sup>th</sup> followed by initial meetings and a welcome reception on Thursday evening.

Friday was a full day of business meetings, President's Lunch, technical sessions and a great evening at Indianapolis Brickyard that featured a buffet dinner.

Saturday continued with committee workshops, business meetings and the Awards Lunch.

The Cincinnati Chapter was represented by several of our membership and the Chapter received the following honors and awards:

(PAOE) Presidential Award of Excellence was presented to outgoing Chapter President - Peter Skelly (Mike Mattox accepting).

Research Promotion - Silver Ribbon - Kevin Goetz (Mike Mattox accepting)

Next years CRC will be held in Cleveland on August 15<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> (tentative).

**THE HABEGGER CORPORATION** is currently seeking applicants for various open positions including:

**Inside Sales Engineer (Cincinnati Location)** – Inside Sales Engineering position is an entry level position to support both internal and external customers. Bachelor's Degree in Engineering required. Position will provide technical support and pricing to customers for Habegger represented products. Career path for this particular position would lead to an outside Sales Engineer position calling on contractors, consulting engineers, and owners in local market. Recent college graduate or minimal industry experience acceptable.

**Sales Engineer Focused on Consulting Engineers and Owners - (Cincinnati and Dayton Coverage Area)** – Position will provide application and design support for Habegger represented products to consulting engineering firms. This position will also actively call on end users to understand their business needs and provide HVAC equipment solutions. Sales activities will include: Lunch and learn presentations, customer training, customer events, and factory trips. Design experience with applied/commercial HVAC products desired.

**Commercial Service Manager (Cincinnati and Dayton Coverage Area)** - Provide Technical Support for complete line of Commercial HVAC products and controls including chillers and air handling units. Facilitating resolutions to customer issues including product warranty. Assisting in the development and presentation of formal training programs for customers and internal personnel.

Please refer inquires to Brian Isaacs at [brianisaacs@habeggercorp.com](mailto:brianisaacs@habeggercorp.com). Phone 513-612-4739

## HVAC - Plumbing Coordinator/3D BIM Designer (Cincinnati, OH)

Cincinnati's premier mechanical contracting firm is accepting applicants for a full-time plumbing and HVAC coordinator. We have been the leader in the Commercial HVAC and Plumbing contracting industry for over 100 years. We employ 400+ people on job sites from Lexington to Dayton. We are driven by core values that focus on the respect and development of our associates, technology, and processes that provide our customers with the greatest construction value possible.

A minimum of 5 years direct experience coordinating commercial, hospital/institutional, and industrial plumbing and/or HVAC systems is required.

Candidates must have thorough knowledge of state and local codes. Preference will be given to candidates proficient in TSI CAD-Duct or CAD-Mech. 3D AutoCAD MEP, Revit MEP or 3rd party BIM package experience is a plus.

We offer a competitive compensation package with benefits including health care, dental, vision, life, and long term disability insurance, and 401k plan. Income will be commensurate with qualifications and level of experience. Opportunities for growth and career advancement are offered within our team.
