

The Presidents Corner

Daniel Daly, PE, LEED AP BD+C

The holiday season is upon us and so too—the annual Holiday Sports Luncheon. After a one year hiatus thanks to 2013's Snowpocalypse, Paul Daugherty of the Cincinnati Enquirer returns to field all your local sports questions. As in past years, we'll use this meeting to thank all Cincinnati Chapter Past Presidents by offering them a free lunch. **Please join us for this fun event.**

Thank you to all those who attended November's meeting featuring ASHRAE Distinguished Lecturer Luke Leung's presentation on Net Zero in Tall Buildings. I found the presentation to be both interesting and informative. I am happy to report that with help from surrounding chapters and our regional CTTC, we have secured ASHRAE Distinguished Lecturer presentations at all of this year's remaining chapter meetings. The increasing meeting attendance so far this year has been encouraging. I hope that the quality presentations we have lined up will help this trend to continue. If there is a topic that you would like to hear more about in 2015, contact me and I will make every effort to bring in an expert of that field.

Thanks to CINFAB, Controlled Air, Engineered Building Systems, Four Seasons Environmental, T.J. Dyer and Trane for joining the 2015 Sponsor Board. Show your support for local chapter activities and be recognized in our monthly newsletter and meetings with a \$100 annual donation. Your chapter support allows us to subsidize meeting costs and bring in quality speakers each month. To join the Sponsor Board, email me at ddaly@groteenterprises.com.

Thanks,
Dan Daly

Research Promotion Corner

Joe Zirkelbach, LEED AP

Thank you to Jason Hilton and EAP for sponsoring the November Raffle drawing. We would like to thank those companies and individuals who have already made donations to the 2014-2015 RP Campaign. They include: Bahnfleth Group Advisors, Engineered Building Systems, Fred Betz, Joe Zirkelbach, Dan Daly, Dave Deger, Steve Simpson, and Pedco E & A Services. So far this year we have raised \$1,250 of the \$10,500 goal. If you would like to donate, please contact Joe Zirkelbach 513-981-2733.

Upcoming Chapter Meeting Presentations

Please join us Dec 9th at 11:30AM and the Crowne Plaza in Blue Ash

At our December Holiday Luncheon, we will celebrate by welcoming Paul Daugherty of the Cincinnati Enquirer. This is always a fun event. Come prepared with all your Cincinnati sports-related questions. Cincinnati Chapter Past Presidents eat free.

Please mark these upcoming dates on your calendar.

On January 13th, we will host ASHRAE Distinguished Lecturer Kurt T. Mescher, PE. Kirk is a founding partner of CM Engineering, Inc. in Columbia, Missouri. His technical presentation, "12 Steps to Improved Geo-Exchange System Design and Performance", looks at the design of a geo-exchange system from beginning to end and points out system specification and description requirements which are unique to geo-exchange.

On February 10th, we will host ASHRAE Distinguished Lecturer Marlene Linders, President of the Philanders Group International Inc. in Heathrow, Florida. Marlene's presentation, "Overview of Risk Management for Infection Control During Healthcare Construction" focuses on how healthcare associated infections are changing the safety and financial factors for hospitals, how construction contributes to healthcare acquired infections and adds risk to the project—and strives to teach how we as design professionals can meet healthcare organizational goals.

2014-2015 Board Members

President – Daniel Daly, PE, LEED AP BD+C

President Elect – Steve Simpson

Treasurer – Dave Deger

Past President – Nate Hull
