

## The Presidents Corner

Daniel Daly, PE, LEED AP BD+C

Welcome back! I hope everyone is rested and ready for 2015. I know it's already getting busy for me!

Our first Luncheon of 2015 is just a week away. I hope everyone can make it to Kirk Mescher's presentation on his "12 Steps to Improved Geo-Exchange System Design and Performance." See more about Kirk and the presentation at: <http://cms.ashrae.biz/lecturers2/abstracts/Abstract.php?contactnumber=36&name=Mescher>.

If possible, please RSVP by this Friday. I hope to see another big crowd on January 13th.

I would like to say thank you to Joe Zirkelbach for all the work he has been doing organizing the March RP Fundraiser. See the RP Corner for some early details. Please consider a sponsorship or display table at the March event. If you can help in any way, reach out to Joe at (513) 981-2733.

Thanks,  
Dan Daly

## Research Promotion Corner

**Joe Zirkelbach, LEED AP**

Thanks to the local JCI office for sponsoring the December raffle drawing. We would like to continue with the raffle drawings in place of the 50/50 split the pot, but we need more sponsors. If you are able to help out in January, February, or April call Joe at (513) 981-2733.

**March 10th Evening Meeting/Fundraiser**

The evening will be a 3-part event, cash bar happy hour and trade show, a technical presentation followed by dinner, and finally a round table with Bill and Don Bahnfleth. Bill will present our technical topic on "Indoor Air Quality and Energy Efficiency in Buildings."

We are extending an invitation to the Dayton chapter to join us as well, so we will be holding the event in the West Chester area.

Any Reps or manufactures who would like to rent a table for the evening to display a product or two around our theme please contact Joe at (513) 981-2733. We are also looking for some presenting sponsors for the evening. We would like to have one Engineering firm, one Contractor, and one Rep firm. Please contact Joe if you would like to sponsor the event.

## Upcoming Chapter Meeting Presentations

**Please join us at our upcoming Member Luncheons!**

Our January Luncheon will be held on January 13th from 11:30AM-1:00PM at the Crowne Plaza in Blue Ash. ASHRAE Distinguished Lecturer Kirk Mescher will present "12 Steps to Improved Geo-Exchange System Design and Performance." The presentation looks at the design of a geo-exchange system from beginning to end and points out system specification and description requirements which are unique to geo-exchange. Kirk T. Mescher is a licensed professional engineer and founding partner of CM Engineering, Inc., in Columbia, Missouri.

Cost of the luncheon is \$20 (members), \$30 (non-members), or \$10 (students) if preregistered by noon, Friday, January 9th. Please preregister and/or prepay here: <http://cincinnatiashraejanuary.eventbrite.com>

At our February Luncheon, ASHRAE Distinguished Lecturer Marlene Linders will present an "Overview of Risk Management for Infection Control during Healthcare Construction." Her presentation focuses on how healthcare associated infections are changing the safety and financial factors for hospitals and how construction contributes to healthcare

acquired infections and adds risk to the project. The presentation strives to teach how we as design professionals can meet healthcare organizational goals. Marlene Linders is the President and CEO of PHILDERS GROUP INTERNATIONAL INC., a healthcare consulting firm. She holds a degree in architecture, nursing science and a Master's degree in science for clinical psychology. She has been a long time member of ASHRAE, a National Speaker on Infectious Diseases, and one of two women in the USA that are Distinguished Lecturers for ASHRAE.

In addition to one Professional Development Hour, this presentation will also satisfy one CE hour for GBCI and 1 LU/HSU for AIA. Please encourage all LEED Accredited Professionals and AIA Licensed Architects to RSVP and attend. Cost of the luncheon is \$20 (members), \$30 (non-members), or \$10 (students) if preregistered by noon, February 6th. Please preregister and/or prepay here: <http://cincinnatiashraefebbruary.eventbrite.com>

Late registration is available for either event, but please give us as much notice as possible. If you have any questions or would like to get more involved in the chapter, please contact Dan Daly at [ddaly@groteenterprises.com](mailto:ddaly@groteenterprises.com) or (513) 383-4024.

## 2014-2015 Board Members

President – Daniel Daly, PE, LEED AP BD+C

President Elect – Steve Simpson

Treasurer – Dave Deger

Past President – Nate Hull

New Member - Kris Schnitgen, PE, CEM, LEED AP
