

Cincinnati ASHRAE News

A monthly publication of the Cincinnati Chapter of the American Society of Heating, Refrigeration & Air Conditioning Engineers

The President's Corner

Pete Rasche

Thank you to all who attended our first monthly meeting of the year on Tuesday, October 9th, to hear ASHRAE Distinguished Lecturer Chris Muller present on "Moving Closer to Net Zero Buildings with the IAQ Procedure of ASHRAE Standard 62.1-2016". I found Chris's knowledge of the history of ASHRAE 62.1, as well as of the general topic of commercial ventilation and the likely future of ventilation design, to be extremely interesting and educational. I hope you did, too.

Last month I mentioned in this newsletter as well as at the meeting, that we were looking to fill several positions of our chapter board. I'm pleased to say that we have already filled two of the three! You will see to the right that our "New Member" position has been filled by Ms. Erin Cox. Erin is a bright young engineer who graduated from UC in May of 2017. We also are pleased to announce that Paul Bennett has volunteered to take over the Research Promotion Chair position. Paul recently began Bennett Mechanical Systems, a local mechanical equipment representative company. Our previous chair of six years, Joe Zirkelbach, will be helping to transition Paul into the position for a while, but look the Paul to be collecting your "Split the Pot" entries starting in November!

If you see either Erin or Paul at any of our upcoming events, please be sure to thank them for their service to our chapter.

We are still open to having someone be our first-ever GAC (Government Affairs Committee) Chair. As mentioned last month, if you feel it is your calling to be an advocate for ASHRAE and that which we represent to our government officials, this job might just be for you. Find more details here:

<https://www.ashrae.org/communities/committees/standing-committees/government-affairs-committee>

We apologize for the lateness of this letter, we had a lot of potential speakers who were unable to make this specific date due to other commitments. However, we are pleased that our own chapter ASHRAE Fellow, Fred Betz, has stepped up to do a presentation which he has done at ASHRAE Society meetings in the past. Fred will be presenting on "Back to Basics Chiller Selection". We hope you can join us.

The link to registering online is here:

<https://www.eventbrite.com/e/ashrae-november-2018-luncheon-tickets-52331848969>

As always, we ask that you try to register ahead of time, so we have an idea of attendance, even if you pay at the door when you arrive. (continued)

2017-2018 Board Members

President Pete Rasche
Prasche@pedcoea.com

President-Elect Steve Tossey
Secretary Nick Brown

Historian

Chair..... Joe Nader

GAC

Chair..... (Open)
(new ASHRAE position)

Cincinnati ASHRAE News

A monthly publication of the Cincinnati Chapter of the American Society of Heating, Refrigeration & Air Conditioning Engineers

The President's Corner (cont.)

One thing we would like to do is try to clean up our Chapter email list. Every month there are a handful of emails which bounce when the newsletter is sent out, and we also occasionally hear about people who should be getting the newsletter but don't. *Do you know of people who are no longer with your company but our emails still arrive in their defunct inbox?* If so, please email me their name and the broken email. *Do our newsletters get caught in your company spam filter and you'd like to have them go to a home email address?* Same thing, send me the new address. *Do you know of people at your office who don't receive this newsletter (and you always have to forward it to them)?* Send me their name and email address and we'll be happy to add them. Thanks!

Finally, we are working on getting together a YEA (Young Engineers) outing, which, as always, will be open to anyone attending. Keep an eye on your inbox as Connor McCurren, our YEA Chair, has some fun outings in the works!

Please feel free to contact me directly with any questions, comments, concerns, or suggestions:
Pete Rasche - prasche@pedcoea.com - (513) 919-8796

Calendar of Events

11/13/2018 11:30 AM	Monthly Members Meeting Quality Hotel Blue Ash Fred Betz, ASHRAE Fellow "Back to Basics Chiller Selection"
